SLIDES:

All cattle will be sold on a sliding scale with one of the slides described below.

Traditional Slide

If the average weight is over the original base weight the price will be adjusted by the amount stated in the contract for every pound over the base weight.

Example:

Base weight of 800#: Steer purchase price of \$150.00/cwt, with a slide of \$.08 Average pay weight of 830# on day of delivery 830# - 800# = 30# over base weight 30# X \$.08 = \$2.40/cwt off purchase price \$150.00/cwt - \$2.40/cwt = \$147.60/cwt adjusted price

Weight Stop

A weight stop can be placed on a Lot of cattle which gives an option to the buyer to purchase extra weight but not have to pay for it (Or anything over 35 lbs is free).

Example:

Slide: \$.08 Weight Stop: 35# Average pay weight is 840#; weight stop is at 835# so the last 5# is free 35# X \$.08 = \$2.80/cwt \$150.00/cwt - \$2.80 = \$147.20/cwt adjusted price

Two-Way Slide

Slide off decreases price per CWT by stated slide amount starting at 1 lb over base weight, stopping at stated stop (35 lbs max). Slide on increases price per CWT by stated slide amount starting at 1 lb under base weight stopping @ stated stop (35 lbs max).

Example:

Over Base Weight Weight stop at 35# over base weight 840# average pay weight - (same as above) 760# average pay weight

Under Base Weight

800# - 760# = 40# under base weight and price stop at 35# under base weight 35# X 0.8 = 2.80/cwt = 152.80/cwt adjusted price

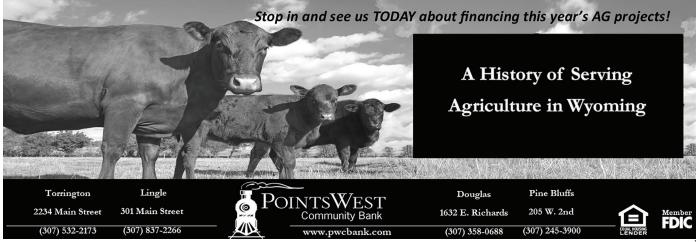

BREEDING HEIFERS, BREEDING COWS & FEEDING HEIFERS:

- a. Guaranteed Open Heifers: heifers that will be pregnancy checked by a licensed veterinarian at seller's expense, within 14 days of delivery. At delivery, heifers will be accompanied by a certificate from a veterinarian verifying they are open. All tests (palpation, ultrasound or blood test) must be done by a licensed vet. Buyers will have the option to re-pregnancy check heifers within 48 hours after day of shipment at buyer's expense.

Breeding and calving dates are required whether A.I. or natural service.
- d. The state of entry, health entry requirements are the responsibility of the buyer. The seller will supply the health certificate that is appropriate by the original state & federal law for interstate shipment. - e. Each buyer (at buyer's expense) is given the right to administer a veterinarian of his/her choice at the delivery to pregnancy check and/or mouth any of their breeding stock. If the buyer does not use their right to administer his/her own veterinarian, he/she accepts the veterinarians certificate without recourse on Cattle Country Video and Independent Reps or of the seller.
- f. A variation of more than 5% may occur on head counts depending on the results of blood test, fertility test, age determination, and palpation.
