

Cattle Country Video - Oregon Trail Classic - Final report
 Feeder Cattle Weighted Average for Wednesday and Thursday Aug 1-2, 2018

Receipts: 54988 Month Ago: 19738 Year Ago: 55479

Buyers bid readily from start to finish both days for top quality calves and yearling. Several of the yearling lots sold with a "weight" stop ranging from 25 to 35 lbs and calf weight stops from 10 to 35 lbs over the base weights. Supply comprised of 97 percent from the North Central region, near 2 percent from the South Central region with the balance from the Western states. Steers comprised of 63 percent of the offerings with near 66 percent of the run over 600 lbs. Yearling cattle delivery from current to November and calves deliver from September through January 2019. Prices FOB based on net weights after a 2-3 percent pencil shrink or equivalent with a 6-8 cent slide on yearlings. Calves are weighed strait with up to a 3 percent shrink and slide from 10 to 25 cents. Current deliveries are cattle that will deliver up to 14 days from the last sale day of the video.

 Southcentral States: New Mexico and Kansas.
